

LOGNOTE -- Chief, Operations Group, 28 September 1984

1. (Williams)  says that on the afternoon of 26 October there will be a meeting with SDS to attempt to sort out the basic functions to be included in the Modernization effort and to set priorities, aiming at the budget build in January. All group and staff chiefs will be invited (C/ED should plan to attend). Presumably this will be the first of a series of periodic sessions intended to refine the Modernization program and bring it under management control.
